

LOTERIA ARCOÍRIS

Explica las reglas del juego.

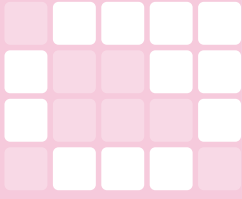

Anuncia qué categoría ganará el juego.

Las categorías disponibles son L, G, B, T, I, Q, A y LGBTQIA+ (todas).

La primera persona que logre cubrir con fichas todas las casillas de la categoría seleccionada ganará la ronda.

Ejemplo:

Para ganar con la categoría Q, se deben cubrir con fichas todas las casillas blancas.

¡Y que empiece el juego!

Tú eres quien dirige el juego. Toma una de las cartas de imágenes sin verla y grita su nombre en voz alta.

Si un jugador o jugadora tiene esa imagen en su tabla, coloca una ficha sobre la casilla correspondiente.

Toma la siguiente carta... y la siguiente... hasta que alguien gane.

Consejo:

Puedes ayudar a los participantes mostrándoles la carta que acabas de sacar.

Consigue 20 fichas para cada jugador o jugadora. Pueden ser frijoles, fichas de plástico o monedas.

Cada participante recibe una tabla de juego y 20 fichas.

Preparación:

Imprime las 54 cartas de imágenes y las 30 tablas de juego en papel grueso y recórtalas a lo largo de las líneas punteadas.

Pueden jugar hasta 30 personas.
